

Imaging Reports/Discs performed at a Non-Willis Knighton Facility

If you had imaging done at a non-Willis Knighton facility and would like our doctors to be able to view these, please follow the instructions below.

Items You Need:

1. The **DISC** with the imaging files
2. A **PRINTED** copy of the radiology report(s) associated with the disc

What To Do Next:

Take your **PRINTED** radiology report AND the corresponding disc to ANY WILLIS KNIGHTON Radiology department. There, you can request them to add it into the Willis Knighton System.

We are unable to store or save imaging discs at our clinic. Please do this at least 1 week prior to your scheduled appointment.

Thank you,

WK Spine & Pain Specialists
